A PREMIUM BRAND

## **Lifestyles Have Changed!**

Covid-19 have changed the lifestyles of everyone in the world. Everyone now is more conscious of personal hygiene and measures to prevent the spread of the virus.

## Mask Will Be A Necessity.

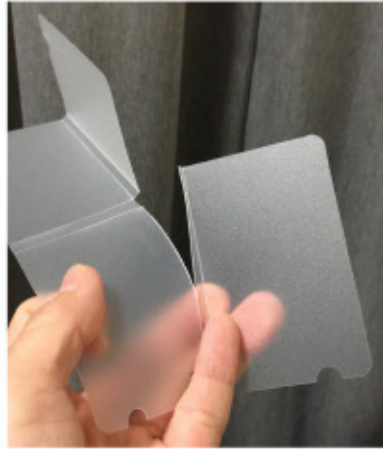

In many countries, **wearing of mask have been made mandatory** and is recommended by WHO and all countries' CDC.

Even with the race to find a tested vaccine, Governments are predicting that the situation will remain so even up to 2 years. With cases soaring in several countries, wearing of mask is likely to continue for the long run.

# Lack of Hygienic Options

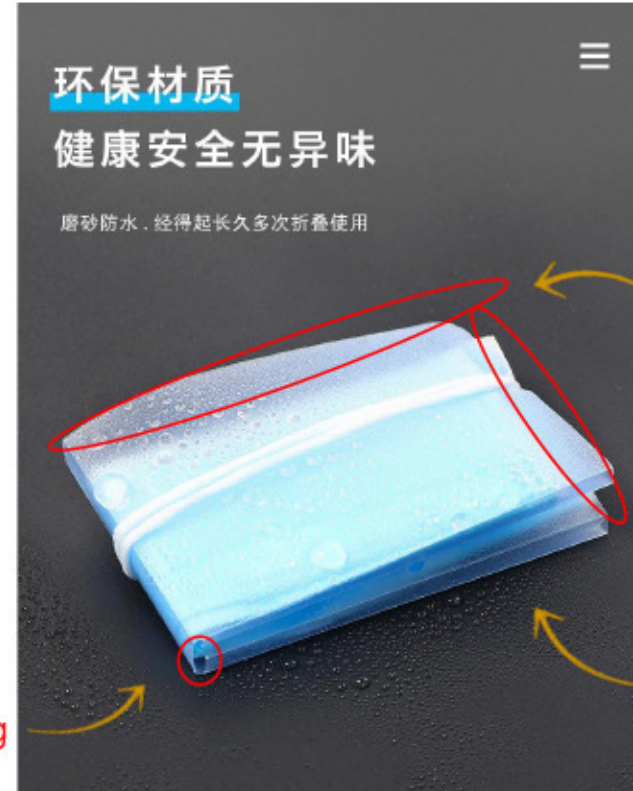

In the current market, there's a **Lacking of Good, Compact & Hygienic options** to keep a spare mask.  
The ones in the market are too flimsy and provides **No Protection Against Water & Dust**.  
There's also a **Higher Risk** of contamination.
